

# SMART Pt-100 TRANSMITTER

Resistance Thermometer Programmable via USB-interface

The e-con series is a two-wire transmitter for Pt-100. The measuring range can be programmed according to the customers demands with especially developed software.

The unit converts temperature spans between  $-100$  to  $+300$  °C to a linearized, 4-20mA, process current loop.

There are two models of the e-con series was designed to be housed in an integrated sensor-transmitter stainless steel housing having **M12** or **DIN** connector.

e-con is supplied carefully checked and fully calibrated PCB

to program the measuring range, it is not necessary to remove the electronic board from the housing.

while programming the e-con. You do not have to remove the sensor from the process, and you do not have to stop your process.

All mechanical parts included a Different process connections, adjustable compression fittings, various stem-diameters and lengths are available. To achieve very fast response times, we provide a version with a tapered stem. All medium-affecting parts as well as the housing are made of stainless steel.

## Features

- simple programming, without programming unit
- integrated USB-interface
- high accuracy: 0,1% of measuring range
- reprogrammable
- Output signal: 4..20 mA 2 wire
- Temperature Linearized
- Low Cost

## Applications

This configuration is widely used in hygienic and non-hygienic industries as:

- Pharmaceutical & labs
- Food industry
- breweries
- water and steam industries
- heating and cooling circuits
- air condition technology
- plant construction
- environment engineering

## Specifications

**e-con**

**INPUT:** 2-wire Pt-100 according to BS 1904 and DIN 43760 characteristics.

**ACCURACY:**  $< \pm 0.1\%$  of span

**INPUT SPAN:**  $-100 \sim +300^{\circ}\text{C}$

**LOAD RESISTANCE:**  $R_{\text{max}} (\Omega) = (V_{\text{supply}} - 8)/0.02$

**INPUT SPAN CHANGE:** 10 to  $400^{\circ}\text{C}$

**SOFTWARE PACKAGE:** CONCAL

**SENSOR EXCITATION:**  $< 0.2 \text{ mA}$

**MODEM CORD CON-USB - LENGTH:** 1.50m

**OUTPUT CURRENT:** 4-20 / 20-4 mA  
(28 mA limited)

**CONFIGURED PARAMETERS:**

Tag information, Input range,  $^{\circ}\text{C} / ^{\circ}\text{F}$ , Burnout type, Output current mode, Sensor calibration

**SUPPLY VOLTAGE:** 8-36 Vdc reverse polarity protected

**TEMPERATURE STABILITY:**  $< \pm 0.01\%$  of span/ $1^{\circ}\text{K}$

**SUPPLY VARIATION EFFECT:**  $< \pm 0.03\%$  of span for full change

**OPERATING TEMPERATURE:**  $-40$  to  $70^{\circ}\text{C}$   
Storage:  $-40$  to  $+90^{\circ}\text{C}$

## Dimensions (mm)

## Process connection

## **CONCAL - Programming-Software for setting the measuring range via USB**

The CONCAL configuration and calibration software is a PC-based software package.

The PC is connected to the transmitter via CON-USB, communication cable for USB port. This communication cables contains the electronic interface circuitry for DRY-CONFIGURATION®.

The DRY CONFIGURATION™ feature makes the configuration process very easy, as it does not require the transmitter to be wired to an external power supply.

The Windows® based software conducts the user to the configuration steps in a friendly and simple interactive way.

The PC requirements are:

PC Operating System:  
Microsoft Windows 98 , Windows XP®,  
Windows NT®, Vista®.

Display: Color display with screen resolution of 1024x768. Lower resolution will require scrolling for accommodation of the configuration window.  
Free Disk Space: 15

## HOW TO ORDER

E-CON		E-CON-	
	M12	M12	
	DIN	DIN	
process connection	threaded connection	· G 1/2 B	G 1/2
		· G 1/2 B conical, metal-to-metal joint	G 1/2 M
		· G 1 A, conical, metal-to-metal joint	G 1 M
		· 1/2 NPT	N 1/2
	coupling nut DIN 11851	· DN 25	DN25
		· DN 32	DN32
	SMS 32676	· DN 25/40, Ø 50.5 mm	DSxx
	RTJ	· DN 25/38 (1" / 1 1/2"), Ø 50.5 mm	DJxx
	TriClamp	· 1" / 1.5" / 2"	TCXX
	Varivent	· D=31 for Varivent housing DN 10 and DN 15	V31
		· D=50 for Varivent housing DN 25 and DN 1"	V50
		· D=68 for Varivent housing DN 40...DN 125 and 1 1/2"...6"	V68
temperature detecting element	· flush mounted	F	
	· Ø 6 mm	6	
	· Ø 1/4 "	4	
insertion length (MM)			999
	Insertion length - included threaded (U1) or without (U)		U
additional features (to be indicated in case of need, only)			
type of protection	none		000
	extension for high temp		E50
	elctropolish		EP
Transmitter range (°c)			99/99
order code (example):		E-CON M12 - N 1/2 - 6 - 100- U - 000- 0/50
